

#6 NEWSLETTER – DECENT

Welcome to DECENT Newsletter #6 – September 2019

What is DECENT about?

The project DECENT “*Digital strategies of Enhancement of the basic skills among adults as a Chance to fight against functional illiteracy*” aims at increasing the effectiveness of the fight against functional illiteracy among low qualified adults who are at risk of a social exclusion in Romania, Poland, Bulgaria, Cyprus, Spain and Italy.

The project is funded by the European Union through the Erasmus+ Programme, Key action 2 (Cooperation for innovation and the exchange of good practices): Strategic Partnership for Adult Education. Its main **targets** are *low-skilled adults* who are at risk of a social exclusion (long-term unemployed, people at risk of poverty, low-educated people), but also *institutions* that support and care for adults at risk of social exclusion (adult education centres, social care institutions, adult schools, third-age universities, associations that support the fight against functional illiteracy and social exclusion) providing them with a very useful set of tools for their work.

What’s new about the project?

In the last months many results have been achieved!

The multiplier events in all partner countries

During the month of September, the DECENT partners have showcased the project’s results in a series of multiplier events that have seen the enthusiastic participation of adult educators and stakeholders.

The events have been an opportunity for the project’s partners to share their experience and results with the target and interested stakeholders, and to gather their reactions and feedback.

Have you tested DECENT's results?

Go on DECENT's website (decent.erasmus.site) and explore the project's products! Are you a trainer or educator? Explore the Decent Life Without Illiteracy course and the eTool and find out how to help your learners improve their digital, literacy and numeracy competences among others!
